Re: Application of Abraham Bavley, et al. for
TOBACCO PRODUCTS - Our File 582-383

Dear Thelma:

Attached hereto are three copies of an amendment which we propose to file with regard to the above-identified patent application. As you can see, the amendment is in line with our recent correspondence. If the Examiner is unhappy with the claims as they are now amended, we can incorporate the limitations set forth on page 11 of the specification in our next response.

This amendment is due on October 24th and we plan to send it to the Patent Office on the 17th. If there are any changes which you or the inventors feel should be made in this amendment, please let us know by October 17th.

Sincerely,

Howard
